EDUCATION

ABES Engineering College, Ghaziabad

2020 – 2024

B.Tech - Electronics and Communication Engineering CGPA - 7.5

Ghaziabad, Uttar Pradesh

EXPERIENCE

Cognizant Technology Solutions 

July 2024 – Present

Programmer Analyst

Noida, Uttar Pradesh

- Worked in Azure Integration Layer and Gained hands on experience in Azure.
- Attended training sessions on **C-Sharp, .NET, SQL DB and Microsoft Azure**
- Skilled in developing and managing Data Factories, Function Apps, Logic Apps, Service Bus, and other Azure services to streamline business processes.

PROJECTS

Hospital Management System  | ASP.NET Core, Azure Logic App, Azure Functions

October 2024

- Developed a Hospital Management System using ASP.Net Core Web API to manage patient records and appointments with CRUD operations.
- Send Confirmation Mail: Deployed on Azure, integrating Logic Apps and an Azure Function App to automate email notifications for new appointments.
- Ensured seamless communication between the system and patients, improving operational efficiency.
- Implemented secure and scalable cloud-based architecture, enhancing reliability and performance.
- Utilized RESTful APIs to enable smooth data management and interoperability across healthcare services.

License Plate Recognition using ML and OCR  | Python, OpenCV, YoloV8

April 2024

- This a License plate recognition and detection system which has multiple applicable usages.
- The system is trained using publicly available datasets on standardized Indian number plates using Deep Learning models to determine the license plate using YoloV8 and OpenCV.
- The system takes in input from the trained model and applies optical character recognition to obtain the number using Easyocr.
- System is implemented on the online platform colab.

TECHNICAL SKILLS

Languages: Python, C-Sharp, MySQL

Developer Tools: Postman, Swagger, Jira, ServiceNow, Azure Data Studio, Azure Service Bus Explorer, Azure Storage Explorer

Technologies/Frameworks: .NET, ASP.NET Core, GitHub, MS SQL Server, Azure App Services

IDE: Visual Studio 2022, Visual Studio 2026, Visual Studio Code

CERTIFICATIONS

- PCAP: Programming Essentials in Python - Cisco Networking Academy
- SQL - Hackerrank
- Complete C-Sharp Masterclass - Udemy

EXTRACURRICULAR

Kalakrit Cultural Club 

September 2021 – March 2022

Role

Ghaziabad

- Volunteered in events organized by the club in ABES Engineering College.
